

Vente d'une centrale électrique à la biomasse de 19,6 MW aux États- Unis

Vente d'une centrale électrique à la biomasse de 19,6 MW aux États-Unis

Une centrale électrique à la biomasse de 19,6 MW à vendre dans le nord-est des États-Unis

Vue d'ensemble

L'entreprise est restée à l'avant-garde de la fourniture d'énergie locale, en supervisant l'exploitation d'une installation avancée de production d'énergie électrique à partir de biomasse et de bois, d'une capacité de 19,6 MW. Au cœur de l'entreprise se trouve un profond sentiment de fierté à l'égard de son héritage durable en matière d'autonomisation de la communauté locale. En outre, en tant que centrale électrique de base, l'installation fonctionne constamment à sa capacité totale ou presque, ce qui garantit une alimentation électrique fiable et ininterrompue. La centrale électrique offre une solution de gestion forestière importante et respectueuse de l'environnement, ainsi que des avantages substantiels pour la chaîne de valeur de l'industrie locale du bois. L'extension autorisée générera un EBITDA supplémentaire de plus de 4 millions de dollars.

Croissance immédiate/amélioration :

- Conversion à la cogénération
- Production de copeaux secs
- Production de biochar

Vue d'ensemble de l'usine

Capacité nette : 19,6 MW
Taux de combustion : 1,60 tonnes/MWh
Type de combustible principal : Copeaux d'arbres entiers

Production en 2021 : 166 903 MWh
2021 Consommation : 266 069 tonnes

2022 Production : 137 184 MWh
2022 Consommation : 229 233 tonnes

Production en 2023 : 160 776 MWh
2023 Consommation : 263 300 tonnes

Expiration de l'AAE : 31 octobre 2032
Acquisition : Août 2020
Employés : 19

Finances

Recettes brutes :
Prévisions pour 2024 : 16 600 000 dollars

Faits marquants de l'investissement

- Le permis n° 7C1412 pour le projet de récupération de la chaleur perdue et d'extension du séchoir à bande a été délivré en octobre L'installation deviendra une centrale de cogénération en juillet 2025.
- Il existe un potentiel pour un projet solaire de 4 à 5 MW sur environ 30 acres de son terrain.
- La centrale électrique offre une solution de gestion forestière importante et respectueuse de l'environnement, ainsi que des avantages substantiels en termes de chaîne de valeur pour le bois local.
- De solides relations historiques à long terme avec des fournisseurs de carburant depuis plus de 30 ans, et un important stockage de carburant sur le site.
- L'entreprise est connue pour ses activités sûres, solides et fiables.
- AAE prolongé jusqu'en octobre 2032, sur la base de la loi 155.
- L'installation a le potentiel de soutenir le développement des biocarburants et la production de biochar.
- Une équipe très expérimentée.

The information contained herein does not constitute an offer to sell or a solicitation of an offer or a recommendation to purchase securities under the securities laws of any jurisdiction, including the United States Securities Act of 1933, as amended, or any US state securities laws, or a solicitation to enter into any other transaction

The projected financial information contained in the Memorandum is based on judgmental estimates and assumptions made by the management of the target Company, about circumstances and events that have not yet taken place. Accordingly, there can be no assurance that the projected results will be attained. In particular, but without prejudice to the generality of the foregoing, no representation or warranty whatsoever is given in relation to the reasonableness or achievability of the projections contained in the Memorandum or in relation to the bases and assumptions underlying such projections and you must satisfy yourself in relation to the reasonableness, achievability and accuracy thereof.

By delivering this Memorandum, neither MergersUS Inc., nor its authorized agents are making any recommendations regarding the acquisition or strategies outlined herein. Interested parties shall exercise independent judgment in, and have sole responsibility for, determining whether an acquisition of the Company is suitable for them, and neither MergersUS Inc, nor its authorized agents have responsibility to, and will not, monitor the condition of interested parties to determine that an acquisition is or remains suitable for them. Among other things, suitability of an acquisition will depend upon an interested party's investment and business plans and financial situation.

This document is prepared for information purposes only. It is made available on the express understanding that it will be used for the sole purpose of assisting the recipients to decide whether they wish to proceed with a further investigation of the Proposed Transaction.

The recipients realize and agree that this document is not intended to form the basis of any investment decision or any other appraisal or decision regarding the Proposed Transaction, and does not constitute the basis for the contract which may be concluded in relation to the Proposed Transaction.

All information contained in this document may subsequently be updated and adjusted. MergersUS Inc. has not independently verified any of the information contained herein or on which this document is based. Neither the Company, nor its management or shareholders, nor MergersUS Inc. , nor any of their respective directors, partners, officers, employees or affiliates make any representation or warranty (express or implied) or accept or will accept any responsibility or liability regarding or in relation to the accuracy or completeness of the information contained in this document or any other written or oral information made available to any interested party or its advisers. Any liability in respect of any such information or any inaccuracy in or omission from the document is expressly disclaimed.
