Société maltaise établie

Une Shelf Company maltaise établie est une entité commerciale prête à l'emploi qui a déjà été constituée à Malte mais qui n'a pas encore exercé d'activités commerciales. Ce type d'entreprise est qualifié d'entreprise "d'étagère" parce qu'elle se trouve essentiellement sur une étagère, attendant que quelqu'un l'achète et commence à l'utiliser dans le cadre de ses activités commerciales.

L'achat d'une société maltaise établie de vente de tablettes présente plusieurs avantages. Tout d'abord, il permet d'économiser du temps et des efforts dans le processus de création d'une nouvelle entreprise à partir de zéro. Toutes les formalités administratives et légales ont déjà été accomplies, de sorte que le nouveau propriétaire peut commencer à exploiter son entreprise immédiatement. Cela peut être particulièrement avantageux pour les investisseurs étrangers qui souhaitent pénétrer rapidement et facilement le marché maltais.

En outre, l'achat d'une entreprise de référence peut donner un sentiment de crédibilité et de stabilité à des partenaires commerciaux, des clients et des investisseurs potentiels. Comme l'entreprise existe déjà depuis un certain temps, elle peut être perçue comme plus digne de confiance et plus fiable qu'une entreprise nouvellement créée.

Un autre avantage de l'achat d'une société maltaise bien établie est la possibilité de bénéficier d'avantages fiscaux. Malte offre un régime fiscal compétitif pour les entreprises, avec notamment des taux d'imposition sur les sociétés peu élevés et d'autres incitations qui peuvent être avantageuses pour le nouveau propriétaire.
