## Importateur-exportateur d'équipements pétroliers et gaziers

L'entreprise a été créée en 2009 par un conseil d'administration très expérimenté composé de professionnels qui ont une expérience globale combinée de plus de 100 ans pour répondre à toutes les commandes de produits dérivés commerciaux régionaux et intercontinentaux. La société est spécialisée dans les produits dérivés du commerce de matières premières entre gouvernements, conformément aux protocoles d'accord et aux traités respectifs. Depuis 2016, l'accent est mis sur les pays de l'ASACR.

La société offre un service unique d'approvisionnement, d'assistance et de commerce. Depuis plus de dix ans, elle fournit des services professionnels d'approvisionnement et de soutien technique aux industries du pétrole/gaz, de la marine, du dragage et de la pétrochimie, tant au niveau local qu'international. Son principal domaine d'expertise est l'acquisition d'équipements, de pièces détachées mécaniques, de pièces détachées électriques, de produits de sécurité, d'équipements et d'outils de forage.

Une équipe techniquement qualifiée veille à ce que tous les équipements et pièces détachées soient conformes aux normes et codes réglementaires.

La société s'approvisionne auprès de raffineries et d'usines basées à Oman et en Arabie Saoudite et possède une expertise et une expérience de dix ans dans le commerce du diesel et du mazout au Moyen-Orient et dans les pays de l'Association sud-asiatique de coopération régionale (SAARC). Le volume mensuel des ventes de diesel et de carburant est d'environ 5 000 tonnes. Nous réalisons 60 % de nos ventes au niveau national et 40 % au niveau international.

Nous avons plus de 500 clients, dont des entreprises de l'industrie pétrolière et gazière, de la construction, des concessionnaires de matériel de terrassement lourd, des mines, ainsi que des entreprises de transport maritime et aérien. Parmi ses clients figurent SCECO, Yanbu Cement Company, FAAL International et Shell.

Aperçu des produits et services

Deisel, pétrole, soufre, bitume et autres produits liés au pétrole et au gaz.
