Entreprise de production de volailles et d'œufs

Recherche d'un partenaire d'investissement pour développer l'entreprise existante de production de volailles et d'œufs. L'entreprise se consacre à l'élevage et à la transformation de poulets, de dindes, d'œufs et de produits carnés connexes. L'investissement proposé sera affecté à plusieurs initiatives clés visant à accroître considérablement la capacité de production et les opérations en aval.

Plus précisément, le capital sera utilisé pour acquérir d'abord des parcelles supplémentaires adaptées à un usage agricole. Sur ce terrain nouvellement acquis, nous construirons une nouvelle installation d'élevage de poulets de chair axée sur l'élevage de poulets et de dindes à l'échelle commerciale. Parallèlement, des fonds d'investissement seront consacrés au développement d'un complexe ultramoderne de transformation et d'emballage de la viande. Cette installation transformera le poulet, la dinde et les œufs crus en produits à valeur ajoutée tels que des saucisses et d'autres produits préparés prêts à être distribués.

Les fonds serviront également à mettre en place l'infrastructure de transport nécessaire pour acheminer efficacement les oiseaux vivants, les matières premières et les produits finis entre nos installations et vers les clients. Un nouveau centre de distribution de gros sera créé pour servir de plaque tournante pour l'exécution des commandes et les livraisons sur le dernier kilomètre.

Enfin, des investissements sont recherchés pour mettre en place un canal de vente en ligne et les intégrations correspondantes de la chaîne d'approvisionnement. Cela permettra à notre portefeuille d'articles de volaille, d'œufs et de viande d'être listés et achetés directement sur les places de marché et les plateformes de commerce électronique utilisées par les principaux supermarchés et hypermarchés.

Globalement, cette expansion vise à positionner l'entreprise comme l'un des principaux fournisseurs de services entièrement intégrés verticalement dans la région.
